Dear Friends and Supporters of Paul & Donna Cox,

Paul and Donna Cox are integral at Africa Theological Seminary (ATS). Paul serves as the Vice President of Research and Staff Development, is part of the Bible and Theology teaching faculty, and represents ATS in the broader academic community. Donna teaches Children's Ministry courses, plays a key role in developing ATS's children's library, and serves the Kenyan church with Sunday School workshops.

The roles of Paul and Donna Cox at ATS are highly valued. They will keep doing what they do for ATS. However, they are changing the organization that handles their finance from International Christian Ministries (ICM) to Allegro Organizational Solutions (AOS).

ICM is a key partner with ATS. Over the years, ICM has streamlined its processes to support ATS and other African partners better. This streamlining has been a net positive for ATS. However, Paul and Donna have chosen AOS as a suitable fit for handling their financial support as they continue their ministry at ATS.

ATS looks forward to a long, continued relationship with Paul and Donna as they serve ATS and the African Church, with AOS handling their financial support.

Your fellow servant

Chrispine Juma  
President (ATS)
